ACHIEVEMENTS AND PERSPECTIVES

Turkmenistan is a major player in the Asian oil & gas market. The country's hydrocarbon resources are estimated at over 71 billion tons of oil equivalent, that is over 20 billion tons of oil and over 50 trillion cubic meters of natural gas. Given these figures, as of today, Turkmenistan holds the world's fourth-largest proven natural gas reserves, after Russia, Iran, and Qatar. Currently, Turkmenistan's largest customer is the People's Republic of China. Turkmenistan has resumed gas supplies to Russia and swapped supplies to Azerbaijan via Iran.

Networking Coffee break zone

Networking Coffee Break Zone creates the right atmosphere for guests and participants to have an informal chat with each other. It also creates the right atmosphere for networking, gaining new contacts, and further developing your business in Turkmenistan.

The EXPO outside space

The open space area located right outside the main Expo centre offers ample space for exhibiting vehicles and other oversize technical equipment. The area is visible from all four sides of the venue and within a few meters from the main hall.

Company presentation opportunity

The novelty of OGT EXPO this year is a designated presentation slot, where companies can introduce their goods and services to a target audience. The slot must be booked before the end of September by filling out the form www.data.ogt-turkmenistan.com/presentation_slot Once you submit your request, TF team will contact your target audience and make sure they are invited to attend your presentation. The availability of slots is limited and will be offered on a first come first served basis.
